

# Montcaret

NORTHVILLE, MICHIGAN

Montcaret represents the final remaining luxury custom home community of its kind in this prestigious area across from Maybury State Park in Northville Township. This former equestrian property, with magnificent wooded walkout lots and a winding trout stream, has been meticulously shaped into a private sanctuary for families to cherish.

Select your preferred homesite and begin custom designing your dream home with Cranbrook's partner and renowned architect, Stephen McKay, for construction commencing Spring 2015.
